Staff Profile

Name:

Lisa Clark

Position:

Year 5
Teacher

Hello I'm Lisa, the teacher of the amazing Armstrong class. I was a teaching assistant for three years before deciding to qualify as a teacher. I did my training to be a teacher right here at GLPS, under the guidance of the lovely Miss Scott. I love teaching children so I am so glad that I made that decision! My favourite subject to teach is English as I can make it more interactive, for example bringing in elements of drama. The recent trip to the Space Centre was very enjoyable and interesting, and allowed me to get to know my class even better!

As my class know, I love going to Nando's, and eating chicken in general! In my spare time I like going to the gym, as well as seeing new places. Last summer I travelled Europe and I still have the travel bug! I also have organised two 'Forget Me Not' festivals which raised money for the Alzheimer's Society. In total, these festivals have raised over £3000!

To celebrate World Book Day Years 5 and 6 partnered up with Foundation, Year 1 and Year 2 to read books to them. The children loved sharing stories with each other so much that it will now become a regular event!
