

# Great Linford Roving Reporters Edition 1

## Victorian Voices

In year 5, the children had been learning about Victorians. They have been going on trips and learning about life in that time. They also had their own Victorian day. They had an exciting day watching clips (short film) and writing up Victorian letters. They said it was amazing writing up in English, "I enjoyed English and maths." Isaac. Year 5. In English they enjoyed writing Victorian diaries where they stepped in the shoes of a Victorian. Year 5 also enjoyed Maths which included dividing and questions related to this. By Samuel

## Amazing art in year 6

Over the past few weeks in school, year 6 have been enjoying art with Miss Lovelock. They say she gave them a variety of materials to use for their models and drawing. Their theme was 'The War Of Roses'. Around this they made models of roses out of felt, card and sketches.

A student, Millie Marshall, explained how she enjoyed learning about the war of roses and the history behind it.

Gaby Luke says, "I like art with Miss Lovelock because she always makes the lessons fun by bringing different materials and there is something enjoyable for everyone."

Another participant of year 6, Mariusz, quoted that he liked his art lesson because of "our interesting theme of Tudor-Times"

So the year 6 have definitely had exciting lessons!

## Year 3 Exciting Egyptian day!

In year 3, on the 5th January, an exciting day took place. Due to their topic being Egyptians, Year 3 had the opportunity to dress up as a Egyptian and have an Egyptian experience in the hall. An Egyptian expert, Mark, brought in some ancient Egyptian artifacts, such as, a model of an ancient Egyptian tomb and much more. I interviewed Ruby and Liana. They both dressed up as Cleopatra and loved the experience. "It was really cool!" said Liana, "It was amazing!"

## Cheeky Challenges

In Year 1, the children have been focusing on Maths.

In the weeks that have passed, Year 1 have been excellent at maths, and it seems that the children have been enjoying this too.

We have got some quotes that Year 1 have informed us about their learning:

"I like doing maths because it is challenging."

Maya Fox.

"I like maths because I like adding numbers."

Shonah Carney.

So we can all come to a conclusion that Year 1 have enjoyed maths this term.

Keep it up Year 1!

## Books at Bedtime

On the 6th February, Great Linford hosted a 'Books at Bedtime' evening. This was where children and adults could sit, relax and listen to a teacher reading a story. Every one could dress up in their pyjamas or as a character from their favourite book so that made the experience even better because they would feel at home. When everyone entered, cookies, hot chocolate and other drinks were available for anyone to enjoy before they met others in a peaceful environment. 'I enjoyed getting to see all of the children dress up in the pyjamas and their favorite book characters.' Miss Funnel. 'I loved it when children laughed at the funny parts in the story.' Miss Creed. 'I liked going around and listening to other stories with my sister.' Maya Year 1.
