

KIRF Target 17 - I can recall facts about durations of time.

Can you spot patterns between the 4 x tables and the 8 x tables?

60 seconds = 1 minute 10 years = 1 decade

60 minutes = 1 hour 100 years = 1 century

24 hours = 1 day

7 days = 1 week

2 weeks = 1 fortnight

12 months = 1 year

365 days = 1 year

52 weeks = 1 year

30 Days Has September

30 days has September,
April, June and November.
All the rest have 31,
Excepting February alone,
Which only has 28 days clear,
And 29 in each leap year.

How can my parents help at home?

When learning key recall facts it is important to do so little but often. Your child should be regularly practising telling the time on a clock and now should be learning key facts about durations of time..

There will be activities related to this key fact uploaded onto your year group's Google classroom page. These will include worksheets and websites.

Vocabulary

How many **days** in a week?

How many **hours** in a day?

How long is a **fortnight**?

Which is **longer**?
