

What time do the clocks say?

Where will the minute hand be at 2 o'clock?

Where will the hour hand be at quarter past

Which Hand is Which?

How can my parents help at home?

When learning key recall facts it is important to do so little but often. Having analogue clocks available in your home (not just digital) will help with this skill. You can make a clock with a split pin and practise at home too.

There will be activities related to this key fact uploaded onto your Google classroom page. These will include worksheets and websites. Try doing some of these at home.

Vocabulary

What time does the clock show?

Which is the minute hand?

Which is the hour hand?
