

Great Linford
Primary School

KIRF Target 22 - I know common fractions of quantities.

$\frac{1}{2}$

$\frac{1}{4}$

$\frac{3}{4}$

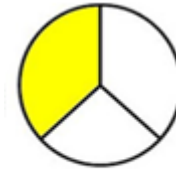

$\frac{1}{3}$

$\frac{1}{4}$

Can you find $\frac{1}{4}$ of any multiple of 4?

$\frac{1}{3}$

Can you find $\frac{1}{3}$ of any multiple of 3 up to 100?

Focus on these common fractions.

$\frac{3}{4}$

Can you find $\frac{3}{4}$ of any multiple of 4 up to 100?

$\frac{1}{2}$

Can you find $\frac{1}{2}$ of any number?

If $\frac{1}{4}$ of a packet of biscuits is 8, how many are in a whole packet?

Continue to practise on TT Rockstars - fluency in times tables makes this skill easier!

How can my parents help at home?

When learning key recall facts it is important to do so little but often. Your child should already be confident in solving many of their times tables. By knowing their times tables, calculating these fractions should become a lot easier.

There will be activities related to this key fact uploaded onto your year group's Google classroom page. These will include worksheets and websites.

Vocabulary

What is a quarter of 100?

What is one third of 24?

What is three quarters of 12?
