### How can my parents help at home?

When learning key recall facts it is important to do so little but often. Your child will start the exciting journey of learning their times tables in Year 2. By the end of the year, they need to know their 2x, 5x, 10x in and out of order.

There will be activities related to this key fact uploaded onto the Maths page on the school website. These will include worksheets and websites. Try doing some of these at home.
