

Home Learning – EYFS

Spring 1 – Turrets and Tiaras

Choose one or many of the suggestions below. In class, we will share all our entries. All winning entries will be shared in our Home Learning Celebration. Home Learning is due in on Monday 7th February 2022.

Arts

- Create a model of a castle. Can you use a range of different materials?
- Paint a picture of a castle- can you label the key parts?
- Create your own crown/tiara. Can you try using natural resources?

STEM

(Science Technology Engineering
Mathematics)

- Create a castle model using marshmallows and toothpicks. How tall can you make it?
- Create a moat for a castle and test out different objects. Can you predict whether they will float or sink? Record your findings.

Music

- Learn "Oxford University Press Big Surprise Unit 6 Castle Song with actions." Can you add any actions of your own?
- Create your own song about castles. Can you include key vocabulary such as dungeon, knight and moat?
- Build a musical instrument that would have been used in castles. Try using junk modelling.
