

Home Learning – EYFS

Spring 2 – Helping Hands

Choose one or many of the suggestions below. In class, we will share all our entries. All winning entries will be shared in our Home Learning Celebration. Home Learning is due in on Monday 28th March 2022.

Arts

- Create your own emergency vehicle. Think about its features- sirens, hosepipes, ladders and bright colours. You could make your vehicle out of old boxes, bottle tops and cardboard tubes.
- Create a collage of someone who helps us. Can you label or write a sentence about that person?

STEM

(Science Technology Engineering
Mathematics)

- Can you become a doctor? Draw around yourself and learn what is inside your body!
- Can you become a dentist? Find out how to keep teeth healthy. Create models of dirty teeth and clean teeth or complete the tooth decay experiment with eggshells!
- Have a go at baking some “thank you” biscuits to give to someone who has helped you.

Music

- Learn “Early Years Song: People who help us” and perform it whilst an adult videos you.
- Create your own verse to the Early Years Song: People who help us.
