

Home Learning – EYFS

Summer 1 – In the Garden

Choose one or many of the suggestions below. In class, we will share all our entries. All winning entries will be shared in our Home Learning Celebration.

Arts

- Create a bouquet of flowers using recycled materials.
- Paint your own garden picture. Can you use vegetables as stamps?
- Create your own 3D model of a minibeast.

STEM

(Science Technology Engineering
Mathematics)

- Can you create your own floating garden?
- Have a go at making your own minibeast lifecycle model.
- Can you design and make a spider's web big enough for a toy spider?

Music

- Have a go at making your own garden wind chime.
- Design and make your own music wall in the garden. What different sounds can you make?
- Create your own bird song and see if you can attract any birds into your garden.
