

Home Learning – Year 2

Summer 2 – Where We Live

Choose one or many of the suggestions below. In class, we will share all our entries. All winning entries will be shared in our Home Learning Celebration. Entries are due in 11th July 2022

Arts

- Create a sketch of the Manor House in Great Linford.
- Design and make your own postcard showing Great Linford.
- Can you create our places in a jar? Great Linford, Southwold and Buxton. What things would you find in those places?
- Can you create your own photo collage of where you live? You could go on a walk. Try different times of day and see if you spot different things.

STEM

(Science Technology Engineering Mathematics)

- Design and build your own dream house. What would it look like? You could use recycled materials to help you.
- Create your own holiday resort for Milton Keynes to persuade tourists to visit. You could draw it make a model or design on the computer.
- Create a map of your local area. What features can you see? Can you use your map on a walk? You could take photos to record your journey.
- Can you design your own robot (like the Starship robots in Milton Keynes) for the town of Southwold? How will the robots move across the beach? You could make your own model.

Music

- Can you create your own song about Great Linford based on the tune 'Beside the seaside'?
- <https://www.bbc.co.uk/ceebies/watch/showmeshowme-beside-the-seaside-song>
- Can you research local musicians in Milton Keynes? Do you like their music? Can you recreate a song using your own instrument?
