

This half term, choose one or many of the suggestions below. In class, we will share all entries. Winning entries will be shared in a Home Learning Gallery open to view for all parents at the end of the half term.

Try a challenge!

Can you complete 3 in a row in any direction as part of your home learning presentation or can you complete all 9 activities?

**Fiction**

Create your very own Cluedo character: draw them, write a character profile about them, and write their own version of events from Dr Black's mansion!

**Computing**

Create a Microsoft or Google Slides quiz regarding the text (Holes) that we will finish during this half term. Remember to add questions to test the class's memory from as far back as Chapter 1. For example, why did Stanley get sent to the camp?

**SPAG**

Play at least 5 games that have been sent out via Google Classroom links to help with your spelling, punctuation and grammar. Make sure you do the passive voice game when it appears - super tricky! If you feel confident, turn the difficulty level up to 3!

**STEM**

This term we will be looking at the effects of diet and exercise on the health of your heart and body. Can you design a guide to help somebody to stay healthy including information about the benefits of exercise and the negative effects of lifestyle choices such as smoking?

**Maths**

Complete any maths learning that is sent home for you to try! To challenge yourself further, keep practising your times tables and see if someone at home can test you. Create a booklet that explains how to complete arithmetic questions such as addition and subtraction with fractions- remember to include a step by step guide!

**Art/DT**

Design your very own waistcoat. Think carefully about who your waistcoat is going to be designed for and how you will sew this together. Think: how big is it going to be? What colour will it be? Will it have any unique details on it?

**Cooking**

We are very much looking forward to SATs for one reason: breakfast club! Write a recipe for the perfect breakfast that will give you that much needed brain boost in the morning! Who knows...we might make it for you!

**PE**

Cricket is one of our main sports this half term! Help your Year 6 teachers by researching some "funky" cricket facts that we can use to introduce each lesson. Here's one for you: Did you know that the first ever cricket bat was made out of wool? Crazy, right!?

**Non-Fiction**

During this term, we are going to be writing a guide on how to survive a zombie apocalypse! You never know, it could happen! Can you use the same features to write a guide on something else? Maybe something that you are passionate about. E.g. How to survive a full day in school!
