

# Home Learning – Year 6

## Autumn 2 – Post War Britain

Choose one or many of the suggestions below. In class, we will share all our entries. All winning entries will be shared in our Home Learning Celebration.

### Arts

- Creating your own boat that floats. Can you create boat that floats from materials around the house? This could be based on one of the ships which brought people over during the Windrush.
- During post-war Britain lots of new houses were built. Can you construct your own model of a new town?
- Can you create a collage which shows the NHS when it was first created?
- Can you describe how art is used to support the NHS today?

### STEM

(Science Technology Engineering Mathematics)

- During post war Britain lots of construction happened. New roads and houses were built. Can you create a spider diagram of materials which could be used to build a new town?
- Can you test our which sustainable materials would be best suited to building new houses? You could conduct a fair test of durability.
- Can you design and make your own 3D poster about the NHS? Have a look online at some of the famous people involved in creating the NHS.

### Music

- After the war peoples music taste changed dramatically. Can you create a timeline of musical tastes starting in the 1950s?
- Can you watch some ballroom dancing clips and come up with a modern dance routine which incorporates modern dance and ballroom?
- Create a mind map of the different emotions felt when Britain won the war and come up with some ideas about how they may have used music to celebrate.
