

## CHILDREN & YOUNG PEOPLE'S OCCUPATIONAL THERAPY

### DROP-IN SESSIONS

Every Thursday  
At the Child Development Centre  
9.30am to 12.00pm

(see map overleaf)

We work with children and young people aged 0-18 years (in special schools, up to 25 years) who experience functional difficulties in everyday tasks. This could be due to an illness, disability or developmental delay. Our aim is to enable children to have the necessary skills to reach their potential and live life their way.

**Does your child have difficulties with everyday activities?**

Come to one of our drop-in sessions to meet an occupational therapist who will be able to listen to your concerns and assess your needs.

### What is a drop-in?

A friendly welcoming session where other children and parents may be present. You may have to wait to be seen, dependent upon how busy it is but there will be toys for your child to play with.

### What can I expect?

An Occupational Therapist (OT) will be there to:

- ❖ Listen to you and discuss your concerns
- ❖ Watch your child at play
- ❖ Assess the needs of your child

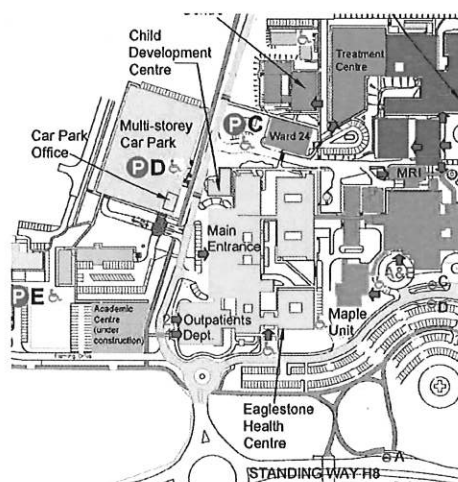

### Please bring with you...

- ❖ Any relevant information that the school, GP or doctor may have already given to you

### After the drop-in...

- ❖ The OT will talk with you about ideas to help your child
- ❖ May suggest that you contact the service after a time with an update on how your child is doing.
- ❖ May offer a further appointment

We look forward to seeing you!

Please call 01908 724600 option 3 for more information. If you are unable to attend the drop-in dates, please call us to speak to our Duty Therapist.
