

# Spelling Bee 2020 – KS2

## Years 3 and 4

How many words can you learn below? You can learn them any way you like. In fact, the more creative you are the more likely you are to remember them. You could try singing them, coming up with rhymes or even making posters for your kitchen fridge. Remember, little and often is better than all in one go.

Good luck!

accident(ally)	earth	knowledge
actual(ly)	eight	learn
address	enough	length
