

This half term, choose one or many of the suggestions below. In class, we will share all entries. Winning entries will be shared in a Home Learning Gallery open to view for all parents at the end of the half term.

Try a challenge!

Can you complete 3 in a row in any direction as part of your home learning presentation or can you complete all 9 activities?

Fiction

This term is all about writing for suspense in Year 6. We are going to be creating some "spooky stories" with endings that leave us feeling unsettled. Can you create your own spooky story to tell the class?

Computing

<https://makecode.microbit.org/#editor>

"Microbit" is what we are going to be focusing on this term for our computing. Use the link above to complete one of the tutorials! This could be making a light up name tag, a pet hamster or coding a digital dice.

SPAG

Create a Google Slides presentation that tests children on all of their Year 6 SPAG knowledge that they have gained this year. We will present your slideshow to the class and test how much SPAG they have remembered from the year!

STEM

This term is all about how light affects our eyes and how the sun's rays can be damaging if you aren't protected properly. Create an informative poster on how to best protect yourself on a sunny day (e.g. wearing a hat or using sun cream).

Maths

A TT Rockstar competition is going to be running all this term. Try and get at least 3000 points over the next six weeks. Anyone who does will earn a maths-themed prize in the last week!

Art/DT

Design your own "perfect playground" with any structures or equipment you think should be in there. You can present your ideas, with a slideshow and drawings, to the rest of the class in a "Dragon's Den" pitch.

Cooking

It's not quite the holidays yet; however, get started on one of the children-friendly recipes on the link below:

<https://www.delicious.com.au/recipes/collections/gallery/36-kid-friendly-cooking-projects-for-the-summer-holidays/k7qmdyro>

PE

Swimming will be our main focus this term. Try and get out to a swimming pool and practise your swimming techniques!

Non-Fiction

This is our last term at Great Linford. Consider writing your own personal thank you letter to a teacher or member of staff that has inspired or helped you during your time here. Potentially you could write about what they did to help you and how it pushed you to develop. They will really appreciate this!
